

# ISA CLEVELAND SECTION PROGRAM

**WEDNESDAY DECEMBER 4, 2019, 5:30 – 8:30 PM**

## About the Tour

Our public brewery tour will lead you through more than just our production facility. Guests also journey through GLBC's and Cleveland's history. Beginning in the new Beer Symposium, guests view displays that showcase our heritage and unique company culture. An interactive kiosk leads users through the basics of brewing and our award-winning beers. A short video officially kicks off the tour before we venture across the street to the production brewery for a fun, in-depth exploration of the brewing process. Tours last approximately 60 minutes.

## History of Great Lakes Brewing

Two Irish brothers with limited brewing experience. A city that shuttered its last production brewery in the early 80s. A neighborhood in serious need of a facelift. In 1986 when Patrick and Daniel Conway opened their fledgling operation in Cleveland's Ohio City neighborhood, the odds were stacked against them. Fortunately, they surrounded themselves with a staff of passionate, knowledgeable people, and from the start committed themselves to bringing a sophisticated, diverse selection of craft beer to their home state. Two decades, multiple awards, and a whole lot of stories later, Pat and Dan Conway celebrate over two decades of brewing exceptional beer for their adventurous and discerning customers.
